**Vision Statement: The Harvard Public Schools Community, dedicated to educational excellence guides all students to realize their highest potential by balancing academic achievement with personal well-being in the pursuit of individual dreams. The students engage in learning how to access and apply knowledge, think critically and creatively, and communicate effectively. They develop the confidence and ability to understand diverse perspectives, collaborate, and contribute to their local, national, and global communities.**

Memo: Recommended Response for the Dobbie Family  
From: Linda Dwight  
Date: 8-9-18

I recommend that we allow the boys to reenter the Harvard Public Schools in grade 6 due to unique circumstances detailed below:

- They attended the HPS from PreK – Grade 3 and have some established relationships.
- Their grandmother resided in Harvard for many years and moved recently to a neighboring town, unaware that she would have custody of her grandchildren.
- Their mother attended the HPS from Grades K – 12 and resided in Harvard while her children attended the HPS from PreK – Grade 3.
- Their Mother died unexpectedly creating this immediate crisis.

I recommend that we detail the following stipulations with the provisional permission:

- Limited to one school year; requiring residency in Harvard or Devens to continue to attend the HPS past the 2018-19 school year.
- The family will need to provide transportation from their address outside of the district.
- This decision does not set precedence for future requests.
