School Meals Charge Policy

It is the goal of the Harvard School Lunch Program to provide complete, nutritious lunches to all of our students every day. In return students are expected to pay for their meals either by pre purchased lunch ticket, swipe card, personal check or cash. In the event that a student is unable to pay for his/her lunch on a given day this student will be allowed to charge the cost of their meal. The cashier will record the students name, grade, amount owed and the date. At the end of the week this list will be given to the office of the school principal so that they may contact the parents/guardians to arrange repayment for charged lunches.
